

FLEX-STRAP™ XLA

STRETCH FILM BANDING

The best way to increase productivity and reduce labor costs? Automation.

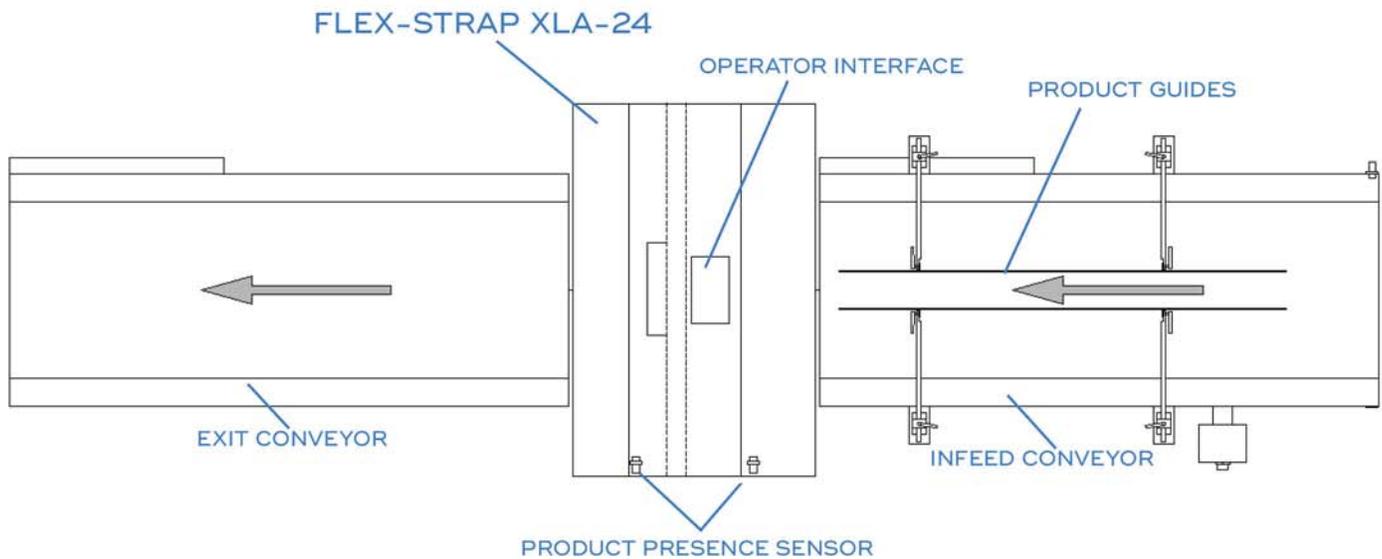

Our Flex-Strap™ XLA automation system is the perfect bundling solution for facilities looking to optimize their operations to the fullest extent.

OPERATIONAL EFFICIENCY

With Felins conveyance and adjustable product infeed guides, the Flex-Strap XLA is a turnkey automation system for longer bundles including millwork and extruded plastics. That means the machine can be quickly and easily integrated into your current process, allowing you to immediately experience a spike in productivity on day one.
