

ATS US-2000 AST

360/260/30

Replace tedious manual processes with a semi-automatic banding machine!

With ultrasonic technology, our US-2000 series banding machines are compatible with both paper and plastic material, giving you a variety of options and flexibility for bundling your products.

OPERATIONAL EFFICIENCY

We know increasing throughput is your end goal. That's why we offer entry-level machines priced for facilities first introducing banding to their operations.

Capable of completing up to 26 bands per minute, this table-top design combats labor fatigue and backlogs so you can focus less on bundling and more on your upstream operations.

A FEW HIGHLIGHTS

- High tension banding
- Inline frame design
- Auto piloting for inline integration
- Low material sensor
- Damage-free secure banding
- Preprinted materials available for branding

THE WRAPPING AND BANDING SOLUTION FELINS GAVE US FIT ALL OUR CRITERIA. WE ARE VERY HAPPY WITH OUR CHOICE AND ARE LOOKING AT OTHER WAYS TO USE THIS TECHNOLOGY.
